Erin

Did you get a chance to look over the revised 29th P&T system operations report?
I am asking because you issued DICO a deadline in your email.
I also revised my Maintenance SOP for DICO with your corrections and added a section on Flood issues (thank you for bringing the flood topic in your email).

FYI , I am planning to retire in early October of this year, if you want me to address any Dico outstanding issues, please feel free to ask while I am still in this position. Once I leave, there will be no one with the history I have with DICO, before, during and post the 1994 UAO

Thank you

Respectfully

GGeorge
